

Process Execution

- Process execution

Process execution

The screenshot displays the 'Service Request Process' form in the KONECT ERP system. The form is titled 'Service Request Process' and is located within the 'AMC Service Request' tab. The form contains the following fields and controls:

- Days due:** A text input field with a blue border and a calendar icon on the right.
- Document Type:** A dropdown menu with a red border and a downward arrow on the right.
- Run as Job:** A checkbox with the label 'Run as Job'.

The interface also includes a search bar at the top left with the text 'AMC', a user profile section at the top right with the text 'Venkatesh.E@Sandbox.Manufacturing.DiscreteKonec Demo Instance Admin', and a navigation menu with links for 'Feedback', 'Profile', 'Preference', 'Change Role', and 'Log Out'. At the bottom left, there is a 'Saved Parameters' section with a dropdown menu and two icons (a document and a trash can). At the bottom right, there are 'OK' and 'Cancel' buttons.

Selection field

- 1) Document type - User can select the document type
- 2) Days due - User can mention the due days in this field

Action

- 1) while the user execute the start parameter button - AMC service request will be raised
