

Process execution

The screenshot shows the 'Service Request Process' form in the KONECT ERP system. The form is titled 'Service Request Process' and is located under the 'AMC Service Request' tab. It contains two main input fields: 'Days due' and 'Document Type'. The 'Days due' field is a text input with a calendar icon on the right. The 'Document Type' field is a dropdown menu. Below these fields is a checkbox labeled 'Run as Job'. At the bottom of the form, there is a 'Saved Parameters' section with a dropdown menu and two icons (a folder and a trash can). The bottom right corner of the form has 'OK' and 'Cancel' buttons. The top of the form shows the user's name 'Venkatesh.E@Sandbox.Manufacturing DiscreteKonekt Demo Instance Admin' and navigation links for 'Feedback', 'Profile', 'Preference', 'Change Role', and 'Log Out'.

Selection field

- 1) Document type - User can select the document type
- 2) Days due - User can mention the due days in this field

Action

- 1) while the user execute the start parameter button - AMC service request will be raised
