Asset Group

The screenshot shows the KONECT ANALYTICS interface. The top navigation bar includes the logo, a search bar, and user information (Prasanth P@Kconnect Demo, Kconnect Demo Admin). The left sidebar has 'Favourites' and 'Recent Items' sections. The main content area displays the 'Asset Group' form for 'Tools and inst...'. The form includes the following fields and options:

- Client:** Kconnect Demo
- Organization:** *
- Name:** Tools and instruments
- Description:** (empty text area)
- Comment/Help:** (empty text area)
- Active:** ☒
- Owned:** ☐
- One Asset Per UOM:** ☐
- Vehicle Management System:** ☐
- Default:** ☐
- IsFixedAsset:** ☒
- IsTool:** ☐

Critical Fields :

1. Name : It is used to mention the Asset Group name.

The name of an entity (record) is used as a default search option in addition to the search key. The name is up to 60 characters in length.(Ex : Tools and Instruments)

Critical & onetime setup fields :

1. Organization Field- This Field is used to select the organization which you are going to process the document.

Non-Critical Fields :

1. Owned : It is used to mention the asset may not be in possession, but the asset is legally owned by the organization.
2. One Asset Per UOM : If selected, one asset per UOM is created, otherwise one asset with the quantity received/shipped. If you have multiple lines, one asset is created per line.
3. Vehicle Management System : If this check box is selected , then it is used for vehicle management systems.

4. Default : The Default Checkbox indicates if this record will be used as a default value.
5. IsFixedAsset : It is used to mention the Fixed Asset Group.
6. IsTool : If this Check Box is selected then the Asset Group is named as a Tools.

Zoom condition's :

1. We can Zoom and find the Assets which is created by using this Asset Group.
