Calibration Header

The screenshot shows the 'Calibration' header form in an ERP system. The form is titled 'Calibration' and is located under the 'Home (105)' tab. The form is divided into two main sections: 'Client' and 'Organization'. The 'Client' section includes fields for 'Document No', 'Description', 'Instrument ID', 'Serial Number', 'Date Of Purchase', 'Certificate Number', 'Least Count', 'Frequency Of Calibration', 'Status', 'Instrument Make', and 'Remarks'. The 'Organization' section includes fields for 'Target Document Type', 'Instrument Name', 'Calibrated By', 'Locator', 'Certificate Date', 'Least Count UOM', and 'Frequency Duration Unit'. The form is designed with a clean, modern interface, featuring a light gray background and white input fields. The 'Instrument ID' and 'Certificate Number' fields are highlighted with red borders, indicating they are critical fields. The 'Calibrated By' field is also highlighted with a red border and includes a user selection icon. The 'Certificate Date' field is highlighted with a red border and includes a date picker icon. The 'Least Count' and 'Frequency Of Calibration' fields include numeric input controls with decimal and unit icons. The 'Instrument Make' and 'Remarks' fields are large text areas for detailed information. The form is part of a larger system, as evidenced by the top navigation bar and the bottom status bar.

| Field | Type | Value |
|--------------------------|------|---------------|
| Client | Text | Sandbox |
| Organization | Text | Food Industry |
| Document No | Text | |
| Description | Text | |
| Instrument ID | Text | |
| Instrument Name | Text | |
| Serial Number | Text | |
| Calibrated By | Text | |
| Date Of Purchase | Text | |
| Locator | Text | |
| Certificate Number | Text | |
| Certificate Date | Text | |
| Least Count | Text | 0.0 |
| Least Count UOM | Text | |
| Frequency Of Calibration | Text | 0 |
| Frequency Duration Unit | Text | |
| Status | Text | |
| Instrument Make | Text | |
| Remarks | Text | |
