

Create Record MRP

- Introduction
- Create Record MRP

Introduction

This screen is allowed to recreate the demand and open order for the product.

Create Record MRP

The screenshot shows a web application window with a title bar containing 'Home (34)', 'Create Element ✕', and 'Create Record MRP ✕'. The main content area has a heading 'This process recreate the demand, approved and open orders for a product.' followed by a subtext 'This process recreate the demand, approved and open orders for a product. Generally, this process is only performed during the implementation of MRP'. Below this, there are three dropdown menus labeled 'Organization', 'Resource', and 'Warehouse'. A checkbox labeled 'Run as Job' is positioned below the 'Warehouse' dropdown. At the bottom left, there is a 'Saved Parameters' dropdown and two icons (a floppy disk and a folder). At the bottom right, there are 'OK' and 'Cancel' buttons.

Organization: User have to mention the organization name in it.

Resource: User have to mention the resource name in it.

warehouse: User have to mention the warehouse here.

while the user click the execute button, system will be generate the transaction which is comes in the above criteria
