# Execution

The screenshot shows the Konnect Analytics interface for configuring a report. The header includes the logo, a search bar, and user information: 'dineshraj.s@Konnect Demo.\*Konnect Demo Admin'. The navigation bar contains 'Home (23)', 'Summary', 'Inspection Pending Report (...)', and 'Report: Inspection Pending ...'. The main content area displays the following configuration fields:

- Client:** Konnect Demo
- Organization:** Manufacturing Discrete
- currentdate:** 03/05/2020
- Run as Job

At the bottom, there are options for 'View Report' (HTML), 'Print Format' (Inspection Pending Inprocess -), and 'Summary'. A 'Saved Parameters' section is also visible. An 'Activate Windows' watermark is present in the bottom right corner.

The screenshot shows the execution results for the 'Inspection Pending Report (InProgress)'. The header and navigation bar are identical to the previous screenshot. The main content area displays a table with the following data:

activity_docno	currentdate	inspected_qty	Manufacturing Order Activity	mo_docno	Movement Date	movement_qty	pending_qty	UOM	User
81182	03/05/2020	20	PLATING-QC	80073	20/03/2019	100	80	Each	Cool buddy

Below the table, there is a link: [Inspection Pending Report\\_InProcess\\_2909794586917579715.html](#). An 'Activate Windows' watermark is present in the bottom right corner.
