

On-Premise Server Requirement

- [Konnect Recommendation for On Premise Server:](#)

Konnect Recommendation for On Premise Server:

1. Application Server: ERP & BI (Dashboard)

Processor - 64 Bit

Memory - 32 GB

HDD - 500 GB

OS: Ubuntu 22.04

Processor Minimum intel i5 and above

Minimum RAID 1 Configured

2. Database Server:

Processor: 64 Bit

Memory: 32 GB

HDD: 500 GB

OS: Ubuntu 22.04

Processor Minimum intel i5 and above

Minimum RAID 1 Configured

Need Static IP to access the server from Konnect HQ Office.

Alternate Option:

Getting a single server with below specification which is usually not recommended by konnect team, since it will lead to single point failure.

Processor - 64 Bit

Memory - 64 GB

HDD - 1 TB

OS: Ubuntu 22.04

Processor Minimum intel i5 and above

Minimum RAID 1 Configured

Need Static IP to access the server from Konnect HQ Office.
