Performance Criteria

The screenshot shows a web application interface for managing Performance Criteria. At the top, there is a breadcrumb trail: "Home (162621) > Performance Criteria: No of...". Below this is a toolbar with various icons for actions like create, edit, delete, and search. The main form is titled "Performance Criteria" and contains the following fields:

- Client**: A text input field containing "XYZ Foundation".
- Organization**: A text input field with an asterisk (*) indicating it is required.
- Name**: A text input field containing "No of coupons".
- Type of Criteria**: A dropdown menu currently showing "Manual Entry".
- Description**: A text area for additional details.
- Active**: A checkbox that is currently checked.

CRITICAL FIELDS:

Name: We can maintain a name for our reference

Type Of Criteria: We can choose from the option Manual Entry or SQL Based Calculation.

While Using Manual Entry we can map criteria in the Performance evaluation plan

NON-CRITICAL FIELDS:

Client: It will show the Client Name

Organization: It will show the organization name within the client

Description: It can be maintained for reference.
