Performance Criteria

The screenshot shows a web application interface for 'Performance Criteria'. The browser's address bar shows 'Home (162621)' and the page title is 'Performance Criteria: No of...'. The form contains the following fields:

- Client:** XYZ Foundation
- Organization:** *
- Name:** No of coupons
- Type of Criteria:** Manual Entry (dropdown menu)
- Description:** (text area)
- Active:**

CRITICAL FIELDS:

Name: We can maintain a name for our reference

Type Of Criteria: We can choose from the option Manual Entry or SQL Based Calculation.

While Using Manual Entry we can map criteria in the Performance evaluation plan

NON-CRITICAL FIELDS:

Client: It will show the Client Name

Organization: It will show the organization name within the client

Description: It can be maintained for reference.
