

Inventory count list

The screenshot shows the 'Create Inventory Count List' dialog box in the KONECT ERP system. The dialog is titled 'Create Inventory Count List' and contains the following fields and options:

- Locator:** A text input field.
- Locator Key:** A text input field with the value '%'. Below it is a small icon for adding a new locator.
- Product Key:** A text input field with the value '%'. Below it is a small icon for adding a new product key.
- Product Category:** A dropdown menu.
- Inventory Quantity:** A dropdown menu with the value 'not 0'.
- Set Inventory Count to:** A dropdown menu with the value 'On Hand Qty'.
- Delete old/existing records
- Run as Job

At the bottom of the dialog, there is a 'Saved Parameters' section with a dropdown menu, a save icon, and a trash icon. The dialog also has 'OK' and 'Cancel' buttons.

The background shows the 'Physical Inventory: 620152' record with the following details:

- Document No:** 620152
- Description:**
- Warehouse:** Ambad WHS
- Movement Date:** 11/08/2023
- Project:**
- Campaign:**
- Document Status:** Drafted

Inventory count list - This process helps to set Inventory count to zero by using product category field
