

Custom Fields

The screenshot displays the 'Custom Fields' configuration window in the Konnect Analytics application. The interface includes a top navigation bar with a search bar containing 'product' and a user profile section for 'Prasanth P@Konnect Demo'. A sidebar on the left contains 'Favourites' and 'Recent Items' lists. The main workspace shows a 'Record saved' notification and a form with the following fields: 'Client' (Konnect Demo), 'Organization' (marked with an asterisk), 'Sequence' (empty), 'Product' (1000000_Copper Pipes), 'Description' (empty), 'Value Column' (empty), and an 'Active' checkbox that is checked. A 'Custom Columns' dropdown menu is also present, showing 'Custom Column 1'.

Critical Fields

Critical & onetime setup fields

1. Custom Columns : This field is used to mention the additional specifications.(Refer Custom column Master window)
2. Organization Field- This Field is used to select the organization which you are going to process the document.
