

Data Planning

The screenshot shows the SAP Data Planning interface for Product 001859N63-01_38. The interface is divided into two columns of input fields. The left column contains fields for Client (Konnect Demo), Product (001859N63-01_38" ROTATING HEAD 34"/38" DD 6000 REFINE), BOM Formula (001859N63-01_38" ROTATING HEAD 34"/38" DD 6000 REF), Workflow (001859N63-01te), Warehouse (Discrete-Main warehouse), Planner (Discrete User), Maximum Order Qty (0), Order Period (0), Network Distribution, Time Fence (6), and Yield % (100). The right column contains fields for Organization (Manufacturing Discrete), Order Qty (10), Resource (Discrete -Plant), Promised Delivery Time, Order Policy (Lot-for-Lot), Order Pack Qty, Minimum Order Qty (0), Safety Stock Qty (6), Transfer Time (6), and Working Time. At the bottom, there are checkboxes for Phantom, Required Calculate MRP, Required Calculate DRP, Active, Create Plan, and Is MPS.
