

Attributes

The screenshot shows the KONNECT ANALYTICS interface. The top navigation bar includes the logo, a search bar, and user information (Dinesh Ray@XYZ Foundation, Test Role). The main content area is titled 'Quality Inspection(Single):...' and has a sub-tab 'Attributes'. The form contains the following fields:

- Client**: XYZ Foundation
- Organization**: *
- Inspection**: 1000280_Test
- Attribute Set Instance**: (empty)
- Movement Quantity**: 1
- Quantity**: 1
- Active**: ☒

At the bottom right, there is a message: 'Activate Windows Go to Settings to activate Windows.'

Critical Fields

Critical & onetime setup fields

Non-Critical Fields

Serial number/Lot number (ASI)

If there multiple attribute for single product this will display in attributes Sub tab.
