

Exclusion

The screenshot shows a web application interface for 'Tally Integration Master'. The browser tab is 'Tally Integration Master' and the address bar shows 'Home (162)'. The page title is 'Tally Integration Master > Exclusion'. The form is titled 'Inserted' and contains the following fields:

- Client**: Text input field with the value 'Sandbox'.
- Organization**: Text input field with the value '*'.
- KA Tally Config ID**: Text input field with the value '1000003'.
- Document Type**: Dropdown menu with a red border and a downward arrow.
- Active**: A checkbox labeled 'Active' which is checked.

Critical Fields:

1) Document type - The Document Type determines document sequence and processing rules & by using this we can eliminate document type which will be generated while exporting XML file in tally XML generation.
